

Lake Committee Report. May 4, 2026

Sekula Associates will start testing the 2 beaches for e-coli bacteria the week of May 18 probably Monday or Tuesday. Still waiting to hear from them.

Aqua Link will be conducting the macrophyte survey & first aquatic plant treatment on May 28.

Coordinating with Aqua Link regarding the installation of fish habitat structures.

Penn State Extension will be conducting a Safe Drinking Water workshop on June 15 from 2-4 & repeated from 6-8. A flyer was provided to the Walker Lake office.

In order to continue to keep Walker Lake healthy, we remind all residents to keep pets off of the beaches and to have their septic systems pumped and inspected regularly.
