

Beaches and Grounds Committee Report – July 19th 2025

Beaches:

I saw on social media that West Shore beach was a real mess after the fourth of July holiday. Apparently, a lot of garbage and fireworks remains were all over the ground next to the lake and in the lake. I went down and someone had already got it cleaned up and bagged.

Plus, it was reported that someone was working on their car down there also.

Stairs

Mike had reached out to me to ask if I could reach out to touch of gray carpentry to get more information on what the \$950.00 was covering. I was not aware you had not received a copy of the estimate. I'm including one now and one from D&M home builders which came to me on the day of the meeting. It is higher but feel only fare seeing as you didn't see the other one. D&M is \$1175.00 for wood \$3500 for concrete.
