

Report July 2022

St Moritz has been doing a great job. More members are carrying their beach passes as St Moritz Security officer Zoey has told me. I must stress that no cats or dogs are allowed to come to the beach swimming areas. This is a Pennsylvania law; we have had to constantly have to remind people this is a health issue. Please follow the rules and security is here for everyone's safety not to hassle you. We have had multiple times ,had security chase outsiders off WWLA beaches and the boat ramp area. I have also been told, Pa Fish and Boat has visited the lake so make sure you have your Pa fishing license, they will write you a ticket.

Thanks

Steve DiMaio
