

## Dam Report October 2020

by Ed Zimmermann

1. Kiley has not yet submitted the annual inspection report (conducted on 9/8) to us or the state. Joe said he will send report as soon as he completes it.
  2. Aqua Link sprayed weeds along dam on 10/6.
  3. EAP needs minor typo corrections and signature by John.
  4. **OLD BUSSINESS Items requiring immediate attention:**
    - Cutting and cleanup of weeds in spillway and outlet channel
    - Cutting and cleanup of weeds in rip rap
    - Secure cap stones around floorstand
    - Removal of fallen trees in spillway, outlet channel, and at conduit under Onondaga Rd.
    - Add rip rap to side of both spillway walls
    - Add rip rap at dawn stream edge of spillway apron
    - Topsoil and seed eroded area at toe, east side by boulders at spillway
      - A. Empire proposal to install rip rap, topsoil/seed and remove trees is \$8600.00.
        - a. John will get additional quotes
      - B. Keystone proposal to cut down weeds rip rap and portion of spillway sprayed is \$750.00.
        - a. Committee would like to proceed with this. Due the small dollar amount, we did not feel additional bids were required. **Motion to approve required.**
- Additional costs to cut the remainder of weeds in spillway to be determined
- 4 Draft of dam operation manual is in the works.
