

**WLLA Road Committee Report  
May 20, 2023**

**This is the report has been updated compared to the one in the original meeting package.**

**No Actionable Items**

**Winter Operations**

**Winter Material**

- Nothing new to report

**Snow Contract**

- The Snow contract two-year renewal will be signed by John Weber and Frenchmen Excavating, LLC in the coming weeks.

**Gravel Roads**

- Frenchmen Excavating started gravel road repairs on May 15, 2023

**Asphalt Roads**

- Warner completed potholes patching and the other small areas of designated pavement repair on May 8, 2023.

**Signs**

- Will prepare a list and seek bids by July for clearing trees and/or branches from blocking signs. The timing is based on the trees being in full bloom.
- Previously reported
  - Will be seeking bids after the leaves are on the trees to cut clear vegetation and tree limbs blocking street name signs as this can be a safety hazard in an emergency where first responders are needed.
  - We have several street signs that are down or damaged. These will have to be fixed. Will be making a list before next meeting.

**Roadside Drainage**

- New notifications to clean to go out.
- Will not send any notification to anyone where stone from gravel roads was plowed in very large piles into the ditches. Cleaning these areas are part of the gravel road contract as we want to reclaim as much stone as possible for the roads

**Unimproved Roads Requests**

- Nothing new on these
  - From the 8/20/22 report: The office received request for information on undeveloped road from Pike County Habitat for Humanity. Apparently, someone wants to donate some land to them on an undeveloped road. Information sent. This is on Piute.
  - From the 8/20/22 report: We need to provide landowner on a portion of undeveloped Delaware about the requirements to improve the road in order for WLLA to assume maintenance.

**Trees**

- Nothing new to report
