Received a message from the new owner of 104 Maple Park Drive who asked for information about the board secretary. She also asked about the possibility of committee membership. Informed person that she would need to become a member of WLLA by paying the required full assessment fees as Maple Park residents paying prorated share assessments are not eligible. She replied asking how long the commitment was.

Ballots will be prepared once the date for receipt of consideration for nomination ends.

Absentee ballots will be available April 1, 2026.

Election information and candidate bios will be published in the June Newsletter

Must get election day volunteers who will count ballots and for someone to hold the key to absentee ballot box.

- Phyliss G will help count ballots with Michael D during the short break in between the General Meeting and Board Meeting on July 18, 2026.
- Phyliss G will hold the absentee ballot box key as she has done in past years. She will pick up key today

Need to get a volunteer or two to sign in people to vote for the morning of July 18, 2026
