

Beach and Grounds Committee

West Shore Beach

- Major cleanup of the entire beach area using a dumpster for cleanup
- Per Pike County Health and Safety Guidelines we install swimming safety lines, markers, lifesaving gear, portable toilets and raft. Water testing is performed weekly to ensure it is safe for swimming.
- Sand was deposited and spread several times over the years
- Spring/fall cleanup, lawn cutting and garbage removal throughout the summer
- Gravel (Item 4) was put down for car turnaround and the boat access ramp

Clubhouse Beach

- Per Pike County Health and Safety Guidelines we install swimming safety lines, markers, lifesaving gear, portable toilets and raft. Water testing is performed weekly to ensure it is safe for swimming.
- Sand was deposited and spread several times over the years
- Spring/fall cleanup, lawn cutting and garbage removal throughout the summer
- Replaced part of the retaining wall and made landscaping improvements to help with beach water drainage problems
- Installed two picnic tables at the beach and cut down cattails to expand the shoreline area
- Three huge dead oak trees (widow makers) were cut down and removed

Clubhouse Area

- Cleaned clubhouse drainage ditches along Walker Lake Road and tennis courts
- Had a vacuum truck come in and cleanout Clubhouse culverts and sediment filter container by the beach
- Had the tennis court repaired and resurfaced
- Installed a new basketball post at the clubhouse parking lot
- Expanded the drainage ditch along Lake Shore Road and installed culvert across Mohawk so water would no longer cross the road and damage beach property
- Had several big dead trees cut and removed from Clubhouse property
- Raised the salt shed flooring with asphalt so water would drain away from the salt shed and this summer we will be replacing salt shed cover
- Performed general maintenance of Clubhouse (new mailbox, repaired chimney, fixed gutters, walkways, benches, etc...)
- Team continually takes care of the gardening and plantings around the Clubhouse

South Beach Boat Yard

- Perform lawn maintenance in summer and repaired access road

Dam Boat Yard

- Cleaned out old, damaged and unregistered boats
- Installed new boat racks
- Yearly installation of boat ramp dock
- Spring/fall cleanup, lawn cutting and garbage removal throughout the summer
