

Communications Committee Report - meeting held on August 31, 2022

- The next newsletter will come out in September. We would like a community member to volunteer to assist with this task.
- Mike DeVita and Marisa Boehme have resigned and we thank them both for their help on the committee. We are looking for additional members to join the committee.
- We are also interested in hearing from younger community members as how best to communicate and engage fresh faces. Anyone with communication skills is encouraged to contact the office to volunteer.
