

Dam Report April 2021

by Ed Zimmermann

1. Repair work authorized for Empire to perform:

Previous approval last year was for \$8600.00. Due the increased cost of stone, Empired will be submitting an updated proposal of \$10,600. Approval is needed for the extra \$2000.00.

2. Kiley has not heard back from DEP regarding plans for pipe repair. Backlog and Covid are reasons given. It may be several months before our repair plan is reviewed and approved.
