

July 2023, Beach and Grounds Report

West shore beach will need sand due to washout. Called D&S who Bill had used. For 5 yards including delivery would be \$300+ tax. \$350 should cover it with board approval. Once approved will seek out some volunteers to help spread the sand and rake it out. Clubhouse beach didn't look too bad but may need some raking out. Raft at club beach seems to have been moved and will have to be repositioned.

Motion and vote needed for \$350 to cover sand on West Shore Beach.

Tennis court

Have not heard back from Justin on the cracks. I tried emailing him again but came back undelivered. Bill reached out to him also. Court looked pretty good and will need a light cleaning shortly.
