

Nominating committee update for May 2020

Meeting via Zoom

Discussed the status of Election Day items needed to be generated.

Group feels confident we will have all printed materials ready for absentee voting.

Schedule of dates for voting, nominations to be printed on the ballots is good at this time.

We have received a number of people who were possibility running for a Board position.

But we are awaiting their letter of introduction to the community.

We will need a few volunteers on our election day to tally the votes and to witness and certify the vote count.

Still waiting for the ladies club to advise if we will have a bake sale during the election.

Our next meeting will take place shortly after the May Board meeting so we can stay ahead of things that need to be done. I will make an announcement to accommodate all the members of the committee.
