

Beach and grounds

Both rafts were picked up and placed at west beach and club house beach. Ladders were installed. This was done on 5/22 by Brian Reynolds, John Weber and myself. On 5/23 ropes were put out at clubhouse beach and porta potties were delivered and placed in back parking lot of clubhouse and one placed at west beach. Ropes at west beach were put out on 5/25 ropes were put out at west beach. Needed to buy 2 stainless steel quick links for anchor lines at a cost of \$ 21.37.

Tennis courts

Removed some leaves from corners of the courts and use a blower to clean small debris off the court. Placed the roller dryer and squeegee in court. Looked at the cracks in the court. Looked on the internet and found court flex crack sealant. Doesn't come in blue can get it in green. It runs approximately \$42.99 +tax and shipping for a 10lbs jug. New net and crank came in. Ralph Cozzolino and myself placed the new crank on and the net is stored under ping pong table downstairs of the clubhouse. That was on 6/4.
